

JOINT EFFORT FOR FUTURE UGANDA

VISION OF THE ORGANIZATION:

“Fully united, informed where communities enjoy Socio-Economic wellbeing, Mental Health and development obtained.

MISSION:

To enable Joint Effort for Future Uganda to support and advocate for the rights of Vulnerable children, Youth, Women and Men for Sustainable development”.

During the month of March 2026, Joint Effort for Future Uganda conducted some activities of works of Mercy in the Community as shown below.

The photo above shows a coordinator with a mentally ill youth eating a sugarcane while giving him psycho-social

support.

The coordinator supported him with clothing's .

The coordinator after giving him the clothing's ,he helped him to put them on .

The Project coordinator visited a refugee Household with both parents and their Children. They were in a terrible state with out Shelter, food, money, latrine and all other basic needs. They were given counselling and we are looking for possible ways to support them with food and clothing's.

The Photo above shows caregivers with Orphans and other critically vulnerable children that JEFU supported with Books for their pupils/Students.

During the meeting care gives wee given nutrition education and each was given seedlings to establish a backyard garden home.
